

Small Business Management Coaching

Whether you are an experienced small business manager, or looking to setup a new enterprise, Seed Skills small business management coaches can help you to structure your business to achieve sustainable outcomes.

The course covers the development of a raft of skills including business structure, finance, marketing, team building, mentoring, understanding clients, and goal setting.

What are the benefits of attending this course?

The following benefits for individuals, teams and organisations are achieved by attending this workshop:

- A clear understanding of how your business operates
- Recognise present and future parameters of the business
- Development of effective work practices
- Understanding issues of your business and development of the skills to define and manage solutions
- Implementation of a toolkit of business management skills
- Planning for personal and professional outcomes

How is it delivered?

The course is delivered in a series of 2 hour one on one sessions, once every 4 weeks. The process introduces participants to aspects of managing their business, providing opportunity to practice and reflect throughout the process.
